Laura Brown Slide Collection (2006.2.16)

Creator: Brown, Laura

Accession Number: 2006.2.16

Extent: 3.25 cubic feet (12 slide boxes and 1 manuscript box)

Source: Unknown

Access: Access to this collection is unrestricted.

Abstract: The collection comprises slides taken and collected by Laura Tolman Brown.

Scope and Content Note:
The collection is composed of photographic slides taken and collected by Laura Tolman Brown. Brown and her husband, Carlton, frequently gave slide presentations related to local history at area clubs and organizations. The slide collection documents many aspects of history in Schenectady County, including schools, churches, historic homes, businesses, transportation, celebrations, neighborhoods and scenes, farms, and the Erie Canal. The collection also includes a number of family and vacation photographs. The bulk of the collection consists of slides, but also includes some negatives and other miscellaneous material.

Biographical Note:
Laura Tolman Brown was a school librarian and local history enthusiast. She was born in Schenectady in 1914 and was a lifelong area resident. She graduated from Colby College and received her master’s degree in library science from the State University of New York at Albany. In 1938, she married Carlton H. Brown; the couple would go on to have two daughters. Brown was a school librarian at Van Corlaer School in Schenectady from 1957 until her retirement in 1975. Laura Brown and her husband, Carlton, frequently gave slide presentations related to local history at area clubs and organizations. Brown was a member of the Emmanuel Baptist Church in Schenectady, the Schenectady County Historical Society, the New York State Retired Teachers Association, the American Association of University Women, the Schenectady Doll Club, and the Beukendaal Chapter of the Order of the Eastern Star. Brown died in 1990 at the age of 76, as a result of injuries sustained in a car accident. She is buried in Memory’s Garden Cemetery & Memorial Park in Colonie.

Organization Note:
The numbered organization system of Brown’s slide collection has been maintained. Slides are arranged in numerical order. In some cases, groups of slides were found in the collection that duplicated the numbering patterns of other parts of the collection or appeared to be incomplete or small groupings. These slides, and a large number of unorganized slides, are included at the end of the finding aid.
