Schenectady Almshouse Records Index, 1875-1920

In 1896, the NYS Legislature passed legislation requiring officers of public almshouses and poorhouses to submit an annual census of inmates to the State Board of Charities. At a state conference of Superintendents of the Poor, a committee developed a standard form for reporting information about each inmate. This form was used unchanged until 1905 when the State Board made a few minor revisions. Although the records span the years from 1875 to 1920, there are often gaps of one or more years in the census returns from a particular county. **Most records are in the 1900-1919 time period.** Thank you to volunteer Cynthia Seacord for many hours of effort preparing this index.

The Historical Society has a microfilm copy of these records for the poorhouse in Schenectady County, New York. Society staff will make copies of a card if you submit the request form (for copy of request form, email librarian@schenectadyhistorical.org). There is a look-up request fee for each name (including alternate spellings) submitted. Please visit the Research Resources page of our website for more information on look-up requests.
